THE STRINGFELLOW TIRE SERV-
ice No. 1, located at Pascagoula St. and
Delmas Ave., one of the best battery
stations in the city, takes pride in
quality work, either in recharging or re-
pairing. This service is distributor for
Willard batteries. They say "we
handle Willard batteries because we
find them the best that money can
buy." When a battery is brought in,
it is given a thorough inspection, and
the customer is told what is wrong with
it, and what the repair charge will be.
If the battery is not worth repairing or
they know that it will not give service
proportionate to the expense of repair-
ing, the owner is told the condition.
The Stringfellow Tire Service No. 1 has
a modern charging outfit and a well-
equipped repair department. If you
haven't had your battery inspected this
spring—why not attend to it at once?
Perhaps a little water is all it needs—a
greasing terminals and tightening con-
nections. On the other hand, a re-
charge now may save you hours of in-
convenience later, when you're on the
road, and they can charge your bat-
tery in eight hours. No matter what
battery you use, they will be glad to
serve you. Their men are experienced
on all makes, and will give you prompt
and efficient service. Drive in there
today and get your battery off your
mind.
